

# *ENVIRONMENTAL POLLUTION*

CLEAN EARTH, CLEAN HOME.

- Imagine walking down the street , eating.

- And, you drop this much of litter every day..... what are you doing?

- You are doing this.....polluting your own home.....

- Burning earth to be more practical.....

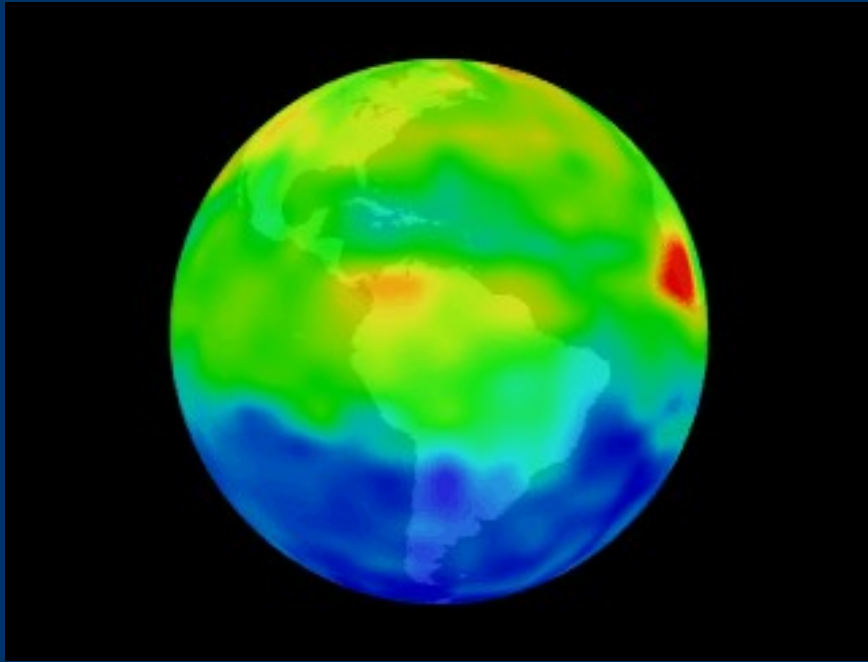

- It depends on us.....let us recycle.....

- We can have earth like this.....

- Or like dis..... its up to you now.....

THANK YOU!!
